

Conservatories

'Choices' Conservatories

Benefits of enhancing a 'Choices' conservatory with a glass roof

- ✓ Excellent thermal insulation reducing energy costs
- ✓ Warmer in winter months
- ✓ Cooler in summer months
- ✓ Dual action easy clean glass
- ✓ Reduced solar heat gain
- ✓ Reduced noise interference

Easy clean glass

The special coating reacts with daylight to break down organic dirt. When water hits the glass instead of forming droplets it spreads evenly, running off in a "sheet" and taking the loosened dirt with it.

Choices

As ever the 'Choices' brand gives you an enviable number of choices for your conservatory - from the simplest to the more complex - at the same time offering you a wide range of performance criteria and most importantly, colour options.

Customise with Colour

Why stick to the traditional white conservatory when colour is readily available.

Customise your conservatory to suit your style and taste.

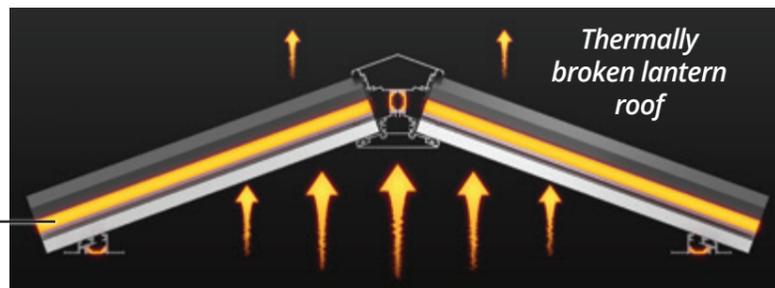

Thermal Lantern Roofs

The purpose designed Stratus aluminium skylight is discreet yet stylish

Stratus allows light to flood into your home's interior, the ideal modern lantern solution, and coupling slimline contemporary looks with truly outstanding performance.
